

# SPEND TREND

## Where Business Travelers Spend Money

Where was the most popular place worldwide for business travelers to dine out, drive in or hang their hat in 2011? Concur looked at half a billion expense line items to find the top T&E trends in business travel last year. Our results reveal where travelers are spending money, where they aren't, and what the state of the industry is at home and abroad.

Where is everyone going?
